— of the day —

Play-dough Fun:

How can your child review the Aleph Bais, improve gross motor skills, and experiment with colors, all at once?! Try this play dough recipe for an all-encompassing activity!

Recipe

1 cup flour
½ cup salt
½ cup water
Food coloring for color

Add more water if too dry and more flour if too sticky.

A1

Form Aleph Bais, Alphabet, or numbers with the play dough.

Experiment with colors and learn about mixing colors!
Combine two colors food coloring to create a new color.

Caution: Food Coloring can stain clothing. Dilute with water before using.

Red + Blue= Purple

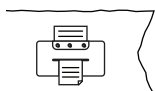

Yellow + Red= Orange

Red + Green= Brown

Blue + Yellow= Green

Child can roll out a strand of play dough then cut pieces with a scissors. Great activity for gross and fine motor development!
